

First, you need to log in. If you don't know your password, you just need to click 'Forgot Password' and enter your email. After entering your email, check your email account for a verification message that will allow you to reset your password. Then, create a new password, and after that, you can log in.

In the dashboard, you will see an overview of the system, including the department, window, user, number created, pending, and completed. You will also see the active windows. It also has features that analyze the incoming data every month and year. Additionally, you can view the performance of the officers here.

You can also add any department.

DEPARTMENTS LIST
